## **Profile Screen**

On the Profile Screen, you will find two options:

**New Game** – Start a new game. This will take you to the Tower Hub.

**Load Game** – Select an existing profile from the list and go to the storybook map where you can gain access any level you have already unlocked.

## **Storybook Map**

Use the **+Control Pad** on the **Wii Remote** to navigate the Storybook Map as Rapunzel. If you are using the **Nunchuk**, you can use the **Control Stick** on this controller.

Find hotspots to access new missions or replay old missions. Visit the Tower Hub to replay challenges, look at your journal, check out your progress and add to your mural.

Hit the **- Button** to select new gaming options.

## **Rapunzel**

Rapunzel is an adventurous teen, who is eager to explore the world outside the tower.

To play with Rapunzel's hair, press the **A Button** if you are using the **Nunchuk** or the **2 Button** if you are using only the **Wii Remote**. Swing across chasms, pull or grab things, and throw Rapunzel's hair up to Flynn to climb toward him. You can also use these buttons to attack with the Frying Pan.

Twirl your **Wii Remote** to activate Rapunzel's Heal-i-cane. Rapunzel rejuvenate her world by making flowers grow wherever she goes with her magic hair.

To move heavy objects or grab important items, press the **A Button** if you are using the **Nunchuk** or the **2 Button** if you are only using the **Wii Remote**. Whip the **Wii Remote** backwards to perform a hair pull.

## **Flynn**

Flynn is Rapunzel's swashbuckling guide.

To protect Rapunzel from enemy attacks, press the **A Button** if you are using the **Nunchuk** and the **2 Button** if you are only using the **Wii Remote**. For multiple attacks, keep pressing these buttons.

To perform a smash attack, swipe down the **Wii Remote**.

Look for the floating question mark above your head to use your Flynn intuition – it will help you find special objects, keep searching until you are prompted to waggle the **Wii Remote** to dig up hidden treasure.

## **Enemies**

**Spider** – You'll find these biting arachnids in caves.

**Royal Guard** – These bumbling grunts can do some damage if you're not careful.

**Elite Royal Guards** – See if you can distinguish them from the royal guards.

**Stabbington Brothers** – These former partners of Flynn are out for vengeance

**Mother Gothel** – Beware of the big boss. She's had her eye on you throughout the game and will be prepared for your meeting.

## **HUD**

The game's head's up display (HUD) shows:

**Face Icons** – See which characters are being played.

**Sun Drop Meter** – Keep an eye on Rapunzel's hair. When you've collected enough sundrops to make her hair glow, she will make flowers grow wherever she passes over them!

**Coin Meter** – Watch Flynn's sword to see how many coins you've collected. When the sword is completely glowing, Flynn can perform unlimited smash attacks!

Check the lower part of the screen to see which 3<sup>rd</sup> and 4<sup>th</sup> players are present in the level to help you.

## **Cooperative Gameplay**

**Character Swapping** – Switch characters by pressing the **Z Button** if you are using the **Nunchuk** or the **B Button** if you are only using the **Wii Remote**. Check the control map. When playing with 2 players, both players must press the buttons simultaneously to trade characters.

**Hold My Hand** – Hold hands as you run and jump by pressing the **+Control Pad** if you're using the **Nunchuk** or the **A Button** if you are only using the **Wii Remote**. This feature is particularly useful for helping less experienced players navigate through areas or just having fun.

**3<sup>rd</sup> and 4<sup>th</sup> Players**– Add 3<sup>rd</sup> and 4<sup>th</sup> players to the game at any time by connecting three or four more controllers and pressing any button on the **Wii**

**Remote.** Aim the **Wii Remote** and press the **A Button** (Action) to break objects, stun enemies and help Rapunzel and Flynn get through each level.

## **Challenges**

Access minigames you have already played and unlocked by going back to the Tower Hub. There are plenty of minigames to choose from:

**Escape Maximus** – Race against the clock as you run, jump and weave your way through the environment to escape from Maximus.

**Axel's Barrels** – Break the correct colored barrels as quickly as you can.

**Tor's Flowers** – Help Tor grow flowers in the Ugly Duckling garden.

**Flower Defense** – Help the goat herder with his goats.

**Escape Stabbingtons** – Race down the Thieves' Highway protecting yourself as you go.

**Mushroom Bounce** – Bounce on the mushrooms to make them grow.

**Lantern Festival** – Keep the floating lanterns in the sky by jumping into them as they descend. 3rd and 4th players will be especially helpful in this game.

**Thug Dance** – Perform the Heal-I-Cane to get as many patrons spinning for as long as possible.

**Kid Race** – Race the kids around the village, collecting flags as you go. Look out for the waving flags to see where you need to go next. Also, after you have passed a flag, the kids in the game will point to the next check point.

## **Collectibles and Rewards**

**Sun Drops** – Collect sun drops from healed objects, destructible objects and other non-player characters. The more you collect, the more hair and sword power you'll enjoy!

**Coins and Treasure** – Grab coins dropped by defeated foes or littered throughout the levels. Find hidden treasure chests with Flynn intuition.

**Items** – Collect items for paint colors and journal entries of discoveries uncovered exploring the world. Find Wanted Posters to paint over.

Disney Tangled  
(Wii™)

**Paint** – Discover paint and stamps, and color the surfaces to change the look of your world.

**Hidden Journal Objects** – These objects can be added to Rapunzel’s journal to help her see even the tiniest beauty in her world. You can access the journal for extra painting fun in the Tower Hub. These can be found by growing areas of purple flowers.
